Target Query: Artificial Intelligence
Reference Job Title: Digital Marketing Specialist

SUMMARY

Looking for opportunities in artificial intelligence where I can contribute to real projects and learn fast.

I like turning requirements into clear steps, collaborating with others, and documenting decisions.
Make an Impact in a Key Marketing Role Responsible for Creating and Delivering Digital Marketing Content to Support Leading Automotive Cockpit Electronics Products and Technologies.
If you combine a passion for digital marketing with key skills, such as website and intranet management, search engine optimization (SEO), social media savvy and analytics, I of di.
Your strong efforts will heavily contribute to the overall success of the marketing and communications team's digital efforts.

SKILLS

Marketing • Visteon • Digital • Media • Social • Social Media • Cockpit • Content • Communications • Marketing Communications • Employees • Autonomous • Key • Driving • Industry • Displays • Digital Marketing • Autonomous Driving • Documentation • Problem Solving • Communication

PROJECTS

Project 1: Practical Case Study

- Built a small case study related to artificial intelligence and wrote a short report explaining the approach and trade-offs.
- Used tools and concepts such as Marketing, Visteon, Digital, Media, Social, Social Media to implement and validate results.
- Focused on clear outputs: metrics, examples, and simple visual checks.

Project 2: Workflow & Communication

- Created a checklist-style workflow (inputs → processing → outputs) to make work repeatable.
- Shared progress updates and documented decisions to make handover easy.

EDUCATION

Bachelor of Computer Science (Undergraduate) — 2023–2026
Coursework: Databases, Software Engineering, Data Analytics
